

## Mr. Salim Al-Aydh

Mr Salim Al-Aydh is a member of the Saudi Aramco Board of Directors. He is Senior Vice President of Engineering & Project Management in Saudi Aramco and is currently responsible for the development of the King Abdullah University of Science & Technology project (KAUST) and five Administrative areas – Project Management, KAUST Project Management, Engineering Services, New Business Development and RT Integrated Refining & Petrochemical organization. He has over thirty-seven years of experience in a wide-ranging area of operations.

Mr Al-Aydh received his B.S. in Mechanical Engineering from the University of Tulsa in 1979. He attended the Management Development Seminar in 1986, and the Program for Management Development at Harvard University in 1990.

Mr Al Aydh is actively involved in the Society for Organization Learning (SoL), and has recently established GulfSoL in the Gulf region, which is committed to fundamental innovation and change in organizations. The SoL network connects local SoL communities, organizations and individuals to form a world-wide collaborative learning community.
